

THE FIRST BABY.

His Coming is Looked Forward to With Both Joy and Fear and its Safe Arrival is Hailed With Pride and Delight by All.

The arrival of the first baby in the household is the happiest and most important event of married life. The young wife who is to become a mother delights to think of the happiness in store for her when the little one shall nestle upon her breast and latterly she shall hear it lip the sweet and holy name, "mother." But her happy anticipation quickly vanishes when she realizes the terrible pain and suffering through which she must pass while bringing the little one into the world. An indescribable fear of the danger attendant upon the ordeal soon dissipates her joyfulness.

Thousands of women have learned by experience that there is absolutely no necessity for the sufferings which attend child-birth; they know that by the use of "Mother's Friend"—a scientific liniment—for a few weeks before the trying hour, expectant mothers can so prepare themselves for the final hour that the pain and suffering of the dreaded event are entirely obviated and it is safely passed through with comparatively little discomfort.

All women are interested, and especially expectant mothers who for the first time have to undergo this trial, in such a remedy; for they know the pain and suffering, to say nothing of the danger, which is in store for them. "Mother's Friend" is woman's greatest blessing, for it takes her safely through the severest ordeal of her life. Every woman should be glad to read the little book "Before Baby is Born," which contains information of great value to all. It will be sent free to any one who sends their address to The Bradfield Regulator Co., Atlanta, Ga.

His Life For a Hand.

In a little town or village in Gloucestershire there is a church which contains the mortal remains of one of the old Crusaders. In moldering effigy he is depicted on the tomb, while by his side in cold eloquence is inscribed the form of his wife. It will be noticed by even the casual observer that the female image is bereft of one of the hands, and the story runs that the Crusader, while fighting in the east, was made a prisoner of war and brought before Saladin, who, before executing judgment upon him, asked him if there was any reason why he should not be put to death. To this the knight replied that he was but young, and would leave a newly wedded wife, who would bitterly mourn his loss.

"The love of woman is as a fleeting breath," retorted the sultan. "Your wife will forget that you have ever lived; she will love again and marry another." To this the sad knight could only reply that on her fidelity he could rest his soul. "Well, then," replied Saladin, "I will promise on my oath as a soldier that if this man's wife will cut off one of her hands and send it to me I will set him free to go to her." By tedious and slow journeyings the message came, and she, in all piteousness for him who was her lover and her lord, caused her hand to be cut off and sent it to the sultan, who kept his word and set the Crusader free.—Notes and Queries.

A Wonderful Bird.

One day a wonderful bird tapped at the window of Mrs. Nansen's—wife of the famous arctic explorer—home at Christiania. Instantly the window was opened and in another moment she covered the little messenger with kisses and caresses.

The carrier pigeon had been away from the cottage 30 long months, but it had not forgotten the way home. It brought a note from Nansen, stating that all was going well with him and his expedition in the polar region.

Nansen had fastened a message to the bird and turned it loose.

The frail courier darted out into the blizzard air. It flew like an arrow over a thousand miles of frozen waste, and then sped forward over another thousand miles of ocean and plains and forests, and one morning entered the window of the waiting mistress and delivered the message which she had been awaiting so anxiously.

We boast of human pluck, sagacity and endurance, but this loving little carrier pigeon, in its homeward flight, after an absence of 30 months, accomplished a feat so wonderful that we can only give ourselves up to the amazement and admiration which must overwhelm every one when the marvelous story is told.—Atlanta Constitution.

Brushing a Derby Hat.

Some men will buy two or three black derby hats a season, and these will always look rusty and old. Other men will buy not more than one a year, and that will never lose its deep and brilliant gloss.

"I'll tell you why it is," said one of the best dressers in town the other day. "It is because one man brushes his hat with a stiff bristled whisk, and the other rubs his softly with a piece of woolen cloth. The felt of a hat is such a delicate stuff that a stiff whisk applied to it has pretty much the effect that a currycomb or a rake would have on a suit of clothes. It wears the nap off, exposing the bare gray foundation in short order."

"A piece of woolen cloth, rubbed over a hat with a circular motion that conforms to the grain, doesn't rub off the nap at all, but keeps it lustrous and firm and of good color. I buy one \$2.50 hat a year and rub it each morning with a bit of flannel. I guarantee that it outlasts three \$5 hats that are raked and scraped with whisks every day."—Philadelphia Record.

Learning.

Wear your learning like a watch, in a private pocket, and do not pull it out and display it merely to show that you have one. If you are asked what o'clock it is, tell it, but do not proclaim it hourly or unasked, like the watchman.

Nerve Food

If you have neuralgia, Scott's Emulsion of Cod Liver Oil will feed the nerve that is crying for food—it is hungry—and set your whole body going again, in a way to satisfy nerve and brain from your usual food.

That is cure.

If you are nervous and irritable, you may only need more fat to cushion your nerves—you are probably thin—and Scott's Emulsion of Cod Liver Oil will give you the fat, to begin with.

Cure, so far as it goes. Full cure is getting the fat you need from usual food, and Scott's Emulsion will help you to that.

If you have not tried it, send for free sample. Its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, 409-415 Pearl Street, New York. 50c and \$1.00; all druggists.

From An Old Soldier.

Knox, Ind., Jan. 14, 1890. GENTS:—I have every confidence in recommending your Dr. Caldwell's Syrup Pepsin. I am 73 years of age and am broken down, the trouble having been brought on by my experience in the war. Your medicine has done me more good than a hundred doctors, and I am just about well of my stomach trouble. Yours truly, JEFFERSON WILHELM. For sale by G. S. Varden & Co.

To Asthma Sufferers.

Lawson Elvidge of Barrington, Ill., says he was cured of chronic asthma, of long standing by Pholey's Honey and Tar. It gives positive relief in all cases of asthma, so this disease, when not completely cured, is robbed of all its terrors by this great remedy. Clarke & Kenney.

Good Advice.

When that distressing pain seems to grab you by the back of the head and neck and your eyes seem fixed on a given point straight ahead, do not make yourself sick by taking Drastic Cathartics, but take a small dose of Dr. Caldwell's Syrup Pepsin. It relieves the pressure on the nerve centers of the brain and aids digestion by curing constipation permanently. It 10c, 50c and \$1 sizes at G. S. Varden & Co.'s.

Many women suffer all sorts of so-called "female weaknesses" just because their kidneys are out of order and they have a right to know Pholey's Kidney Cure is just what is needed by most ailing women. Clarke & Kenney.

Question Answered

Yes August Flower still has the largest sale of any medicine in the civilized world. Your mothers, and grandmothers, never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Sold by dealers in all civilized countries. oct-27-ly

CANCER Cannot be Cut Out or Removed with Plasters

Surgical operations and flesh destroying plasters are useless, painful and dangerous, and besides, never cure Cancer. No matter how often a cancerous sore is removed, another comes at or near the same point, and always in a worse form. Does not this prove conclusively that Cancer is a blood disease, and that it is folly to attempt to cure this deep-seated, dangerous blood trouble by cutting or burning out the sore, which, after all, is only an outward sign of the disease—a place of exit for the poison?

Cancer runs in families through many generations, and those whose ancestors have been afflicted with it are liable at any time to be stricken with the deadly malady.

Only Blood Diseases can be Transmitted from One Generation to Another

—Further proof that Cancer is a disease of the blood.

To cure a blood disease like this you must cure the entire blood system—remove every trace of the poison. Nothing cures Cancer effectually and permanently but S. S. S.

S. S. S. enters the circulation, searches out and removes all taint, and stops the formation of cancerous cells. No mere tonic or ordinary blood medicine can do this. S. S. S. goes down to the very roots of the disease, and forces out the deadly poison, allowing the sore to heal naturally and permanently. S. S. S. at the same time purifies the blood and builds up the general health.

A little pimple, a harmless looking wart or mole, a lump in the breast, a cut or bruise that refuses to heal under ordinary treatment, should all be looked upon with suspicion, as this is often the beginning of a bad form of cancer.

Mrs. Sarah M. Keesling, 641 Windsor Ave., Bristol, Tenn., writes: "I am 41 years old, and for three years have suffered with a severe form of Cancer on my jaw, which the doctors in this city said was incurable, and that I could not live more than six months. I accepted their statement as true, and had given up all hope of ever being well again, when my druggist, knowing of my condition, recommended S. S. S. After taking a few bottles the sore began to heal, much to the surprise of the physicians, and in a short time made a complete cure. I have gained in flesh, my appetite is splendid, sleep is refreshing—in fact, am enjoying perfect health."
